Basic Operational Components:

Suspect Microwave on tower
1 control building

IMAGERY ANALYSIS: A suspect microwave facility is 1 nm south of Sas-Tyube and approximately 25 nm northeast of Chimkent. The facility is situated on a hill approximately 2,500 feet above sea level and approximately 500 feet above the townsite.

The facility consists of a probable self-supporting tower which is situated directly over its associated control building. The tower height and control building dimensions are unresolved.
